

Fantastic Lateral Thinking Puzzles

Edward J. Harshman

Things aren't always what they seem, and if you keep that in mind, you'll be in the right mood to solve these slippery lateral-thinking puzzles. They all start with a situation that appears completely normal then suddenly something strange happens, and with only a couple of hints you have to figure out the reason why. Stay alert as you run into all kinds of fantastic situations--people climbing prison walls, ocean cruises, shoplifter arrests, rich men who give away pennies, deliberate car crashes, shooting rare eagles for prizes, paying to have your silver taken away, and dozens of other weird experiences that make perfect sense once you come up with the lateral answer. 96 pages, 25 b/w illus.,
